

TIGER GRASS THE GOLD STANDARD

*100% Certified Organic
Hand-Harvested Catnip Buds*

To guarantee supply, freshness and quality we contract growers to harvest as late as possible in order for our buds to mature longer. With more time in the field this creates a bud bursting with oils that drive cats wild! Just pinch the buds with your fingers, and hand them over to your feline friend for the ultimate treat. Others may claim to be organic but TIGER GRASS are the only GROWN IN THE USA, 100% CERTIFIED ORGANIC CATNIP BUDS ON THE MARKET!
